2.9) Usefulness of handouts and materials provided	Excellent		Poor	av.=1.3

Comments Report

2.10) What other CTE workshops would you like to see in the future?

- There is such a need for your conference. High school curriculum often over book the important of correcting our students with all the vocational opportunities. It seems that college, military or private vocational program are not the only choices. Instead of going with a debt of 20,000 for SJV refrigeration program a delegate student can apply to Apprenticeship program and get paid and have school paid for as they work towards a career. (1 Count)
- Building trades: Carpentry "How To" layouts and cut stairs Green Construction. (1 Count)
- What others are offered? Anything that is hands on oriented! (1 Count)
- Culinary apprenticeship and landscaping apprenticeships. (1 Count)

2.11) Please write any other comments/suggestions you may have.

- Have a person gather each group to guide them to designated areas. It was quite confusing as to where we were supposed to go first. (1 Count)
- To partner with high schools to build a quality vocational training prior to graduation. Schools are being evaluated solely on Test Scores. Need more project based instruction that is valued and unimportant to student preparation. (1 Count)
- When Amanda Hopkins is in charge-Then it is always GOOD for the kids. My students will write about this field trip tomorrow and there will be hope in their words for their future. (1 Count)
- Something hands on! Great job! (1 Count)
- Excellent workshop for my students. I think they thoroughly enjoyed themselves and had an opportunity to learn about careers. (1 Count)
- This was wonderful! Really enjoyed it! (1 Count)
- The workshop was very well organized and efficient. The breakout sessions were informative, engaging, and hands on. Leaders were knowledgeable and understandable of age groups. Breakfast and lunch items were nutritious and appetizing. Good job, we will be back!!! (1 Count)
